Low-Cost, Entry-Level Digital Signage for ECRs

CRS is excited to offer the POS 7" Graphic Display. Think of the POS 7" GD as a combination digital picture frame and order confirmation board. For about the same cost as a pole display, you can deliver much more. These displays really o heads.

CRS Part No. 110030

Digital Frame

Run a series of jpg images from an SD card.
Promote specials, suggest add-ons.

Mini-OCB

Like popular drive-thru OCBs, dis the entire order for confirmation. Promotes accuracy; reduces frau

The POS7"GD is compatible with all SAM4s ECRs that support a remote customer display.
